

Order a United States Flag

Constituents can request to have a United States Flag flown over the U.S. Capitol Building. This flag can be dedicated to any person, organization or event of their choice. Also, flags can be flown on any specific day, including weekends and holidays. Each flag is individually boxed and includes a certificate noting the specified dedication. The fee for flying a flag over the Capitol is \$4.06.

Two standard flag sizes — 3x5 and 5x8 — are available in either cotton or nylon. While the flags of both fabrics are durably constructed, nylon flags are recommended for those to be displayed outside. Additional sizes are available and may be special ordered from the manufacturer.

Cost for the flags are nominal, and the price varies according to the size and material of the flag requested.

The prices listed below are for the standard sizes of flags available and include the cost of shipping each flag using standard postal mail service. If you have any questions, or need a non-standard size, please contact Congressman Bilirakis's Washington, D.C., office.

3x5 Nylon (\$16.80)

3x5 Cotton (\$16.55)

5x8 Cotton (\$29.25)

5x8 Nylon (\$25.55)
