The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Master Lift Station Resiliency Project for Inverness, FL in fiscal year 2024. The entity to receive funding for this project is the City of Inverness, located at 212 W. Main Street, Inverness, FL 34450. The funding would be used to install a new 14,200 LF 18-inch forcemain from the master lift station to the treatment plant along the Withlacoochee State Trail. This improvement will offer increased capacity and protection of this critical utility, ensuring reliable wastewater service to residents within our service area.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Member of Congress
